First corporation personally owned and guaranteed; 2nd and 3rd structured for beneficial ownership	✗	✗	✗	✓
Separate liabilities and risks between the corporations	✗	✗	✗	✓

NOTES

[1] The basics are a business phone, address, domain, email and EIN. Intro LLC drops to $995 (save $300); Standard LLC takes $500 off your first payment. We fix any mistakes in what you already have.

[2] CapitalScore™ is our internal checklist of 45 compliance points that banks and vendors commonly check. It is not a credit score and does not predict any credit decision.

[3] You are on terms with us, and we report your payment experience to Dun & Bradstreet as your supplier. D&B reviews, verifies and decides whether to accept any trade reference.

[4] Grant writing done for you is available at an extra cost.

[5] Business tradelines (sold separately) that do not post are refunded in full; other programs are covered by store credit. Full terms: Our Guarantee at startmybusiness.us.

[6] Nominee services work under a written agreement. Ownership is disclosed wherever the law requires, and nothing is hidden from lenders or the IRS. Every transaction between your companies must be real and documented.

After the 2 included months you pay the ongoing costs yourself: about $100 a year (domain, registered agent, state fee) plus monthly address, 800 number and hosting. You own everything and can transfer it any time.

Holiday prices apply to the four build-out packages only, through December 31, 2026. Results vary. We are not a lender, and every approval, limit and rate is the lender's or vendor's decision.
